Departure Transportation

(Gaylord Texan to DFW Airport)

Three 40-passenger buses will be departing from the Tour Bus Lobby located on the lower level of the main hotel lobby. A Gaylord Texan transportation coordinator will assist you with loadout. Each bus will have the Peak Campus logo and name in the front window of each bus.

A departure ground transportation manifest will be given to each Peak associate prior to the conference to verify your seat on the bus and your departure time and airline. On the day of departure, it is your responsibility to tell the Gaylord Texan transportation coordinator if you no longer need a ride to the airport so the bus driver will not delay departing.
